The white stone colonnade nestled under a small pine grove on the eastern shore of Amfora's small bay is an architectural wonder from the 1930's. Dusted off and refurbished by sunčani hvar hotels, it fits right into the landscape and Hvar's new image. Offering private stone cabanas, individual and couples massage cabanas at the *Sensori C* and lounging pontoons, Bonj is a great way to enjoy the Adriatic's azure waters and fragrant breeze in first class style.
