# HVAR

*a secret you will like to share ...*

*A 2500 years Greek legend shared in ancient folk tales has been finally unveiled for you to share.  
A tale of a secluded oasis where Mother Nature spent a little more time in its making.*

*A landscape of more than 20 neighboring islands to hop on surrounded by magic turquoise waters where beautiful sirens lure even the bravest sailors.*

*Where UNESCO protected plains, once jealously guarded by the Greek tyrant Dionysius, nowadays supply fresh organic produce.*

*And then Hvar – a city beyond imagination with its maze of cobbled streets, shuttered Renaissance villas and a vibrant nightlife within walking distance.*

## *... but a dream in Hvar is a serious thing*

*... Set sail for a Happily Ever After somewhere beyond that mystic turquoise sea ...*

*... or enjoy a coffee break with a view that sparks creativity and imagination.*
