HVAR

a secret you will like to share ...

A 2500 years Greek legend shared in ancient folk tales has been finally unveiled for you to share.

A tale of a secluded oasis where Mother Nature spent a little more time in its making.

A landscape of more than 20 neighboring islands to hop on surrounded by magic turquoise waters where beautiful sirens lure even the bravest sailors.

Where UNESCO protected plains, once jealously guarded by the Greek tyrant Dionysius, nowadays supply fresh organic produce.

And then Hvar - a city beyond imagination with its maze of cobbled streets, shuttered Renaissance villas and a vibrant nightlife within walking distance.

... but a dream in Hvar is a serious thing

... Set sail for a Happily Ever After somewhere beyond that mystic turquoise sea ...

... or enjoy a coffee break with a view that sparks creativity and imagination.
