Sensorí moments of pleasure

We were inspired by Hvar island's authenticity, endless sunshine, over-whelming views, fragrant botanicals, vigorous sea and marine air to create Sensorí at the Adriana, hvar spa hotel, the first full-service international spa in the Croatian islands' most exclusive destination.

At Sensorí, it is our sincere wish to introduce holistic wellness to your life, offering experiences that will help you live healthier, look better and feel renewed. Sensorí celebrates the senses through a spa experience emphasizing all one can potentially see, hear, touch, taste, smell and feel. Our menu of services offers a distinct sense of place, integrating the healing properties of the local plants and environment with the traditional remedies of massage, movement and aesthetic care to invigorate and restore the senses. Our staff will also spend thoughtful time discussing which treatments are best for you with a focus on optimal health.

Our skin care program is based on the most natural way for the skin to heal and maintain itself. Another exclusivity on the Croatian coast, Sensorí brings you the renowned French brands Carita® Paris and Thalgo® La Beaute Marine and their legendary products. Carita® professional face and body care products offer high performance results and ready for close up skin. French expert in marine beauty for almost 50 years, Thalgo® has drawn on the riches of the ocean to find the essential elements for authentic and effective cosmetology.

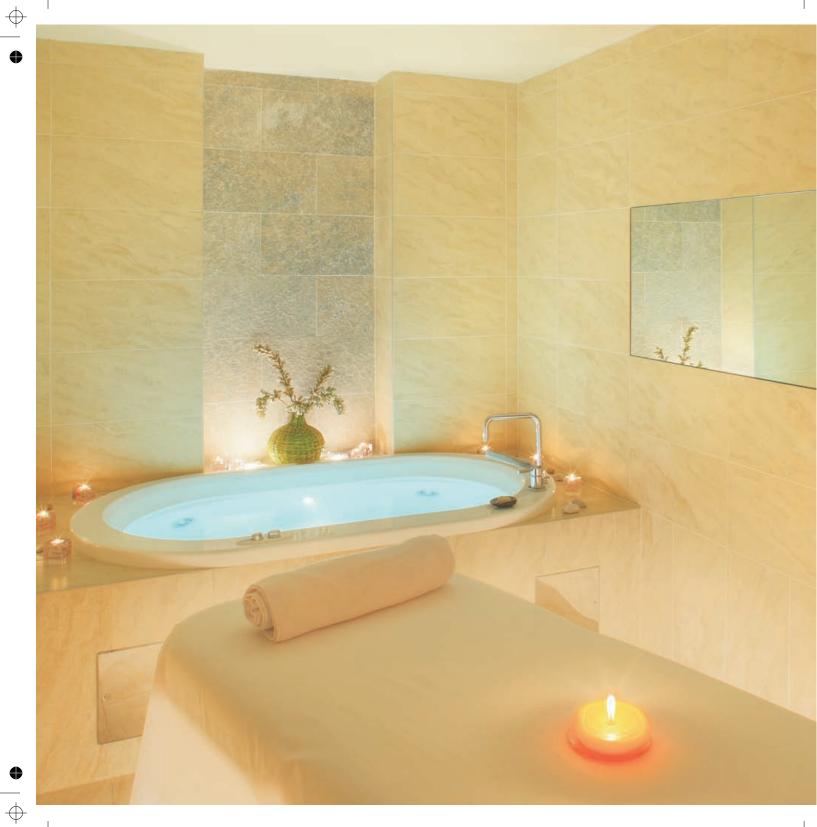

With an artful and contemporary design, Sensori's outdoor and indoor facilities offer a full array of wet and dry treatment rooms, a VIP spa suite, nail salon, lounges, movement studio, whirlpool, signature steam room, and rooftop seawater pool. Our spectacular spa was planned to bring health, pleasure and fun to your stay on the beautiful island of Hvar. Even a short stay can have an enormous impact on your body and sense of wellbeing.
