## PART OF THE UNESCO SUSTAINABILITY TRAVEL PLEDGE

As the advocates of sustainable travel, our pledge to the environment is to create and maintain sustainable standards, personally and professionally. We do this by:

Supporting our local community: including locally sourced products, food and drink in restaurant

Conserving energy: the hotel is fully equipped with energy-efficient equipment; including solar power system, newest air-conditioning system

Waste separation: smart system for recycling leads to better processing and separation of waste

Digitalization: self-check possible, as well as virtual registration process

Minimizing single-use plastic: usage of natural materials instead that are easily recycled

## SPECIFIC FEATURES

### HOTEL HISTORY

Founded in 1914 under the name of Hotel Kovačić, this all-time stylish boutique hotel has been welcoming guests for more than one hundred years. It was fully refurbished and rebranded in 2006 to hotel Riva and in 2022 to Riva Marina, complementing and emphasizing its waterfront location amid the yacht harbor in the heart of Hvar.

The building's unique original exterior makes this Mediterranean style villa one of Hvar's true architectural gems. With direct views of the harbor and docked yachts just steps away from its entrance, it has always been the meeting-point for savvy travelers.
