

# SUNSET SEA KAYAKING TOUR

FROM 15TH OF JUNE - 31ST OF AUGUST

*Hours before sunset are the best time for paddling. The sky tends to explode with color and the seas often become glassy and calm, just after the summer afternoon winds calm.*

*Sunset Tour is designed as a leisurely paddle that ventures just far enough along the waterfront and following eastern shoreline from Hvar. The length of the route is 3-4 Nm, with one beach stop - depending on the weather conditions and pace of the group. Once we set off to sea, usually it takes about 45 mins to reach a secluded beach, we head southeast from Hvar, following the coast, until we reach a secluded beach. While on beach enjoy your time swimming, relaxing or simply grab mask and snorkel and explore on your own. There will be the opportunity to have a coffee, refreshing drink or light meal at a small beach bar during the break. After this, we are heading back to Hvar. We will be going around a small island called Pokonji dol, and once we paddle around its southern side, a spectacular view lays towards the western horizon to enjoy a sunset. From here we go back to our starting point.*

*The tour starts from Krizna luka beach, just 7min walk from the city center. As you arrive at the beach our guide(s) will prepare sea kayaks for you (double or single). You will get some dry bags to store your personal items. Before we start the tour, we would need to adjust the sea kayak steering system for each kayak, according to your height, so we would be sure that you will feel comfortable in the kayak once we set off to the sea. Once the gear is set (PFDs, dry bags, paddles), we will have a short safety talk and introduction to basic sea kayaking techniques, so we would do our best so you could enjoy your tour. While we paddle, if weather permits, we will stop in several occasions - floating in our kayaks to relax, enjoying views and hearing some explanations about our surroundings from your guide(s) or taking pictures.*

*After swimming break, we will start our return towards Hvar, where we usually arrive around 8 pm for a 5 pm departure.*

*Price includes: sea kayak and paddle, life jacket, dry bag, snorkeling equipment to use (mask + snorkel), guide and introduction in paddling techniques and safety*

**MIN:** 2 pax.

**MAX:** On request.

**MEETING POINT:** Krizna luka beach, at our sea kayaking base. 7min walk from the city promenade, just after Franciscan monastery.

**DEPARTURE TIME:** 4.30pm - 5.00PM (depending on the season)
